AGREED REPORT - BOARD OF MANAGEMENT MEETING

Date: 23/09/2026

- The Board of management approved the minutes of the previous meeting.
- Child Protection and Anti-Bullying Oversight reports were presented in line with statutory requirements. New Child Protection Procedures were formally adopted by the Board.
- A financial report was submitted and the board noted the current position.
- School Improvement Plan: The Board were updated on the Wellbeing Initiatives being reintroduced this year- Yay Box, Fun Friday, positive notes home. Wellbeing is the curriculum area that the school will be focusing on this year.
- The Board discussed the questionnaire regarding school patronage that was sent to parents. There was no clear majority vote for remaining Catholic or changing to non-denominational but there were a few responses from people who felt strongly about remaining a catholic school. 36.9% said they would either be less likely to keep their child enrolled or would move to a Catholic school. This percentage was 7 votes so potentially 7 families who would possibly move. We decided not to pursue the non-denominational route at this time but that we may look at the situation again in the coming years.

The Board will meet again in November.
